## MOTIVITY #988

Motivity

WHAT IT IS:

A blend of herbs that assists natural, healthy intestinal motility

WHY YOU NEED IT:

Important for patients with intestinal fullness, gas and bloating

Great for patients with GERO, burping, reflux

Supports patients with constipation and Irritable Bowel Syndrome (IBS)

Targets patients with SIBO

Good for patients with gastroparesis and motility disorders

Intestinal motility describes the intricate and highly choreographed movement of the food and bacteria from your stomach, through your small intestines, and then out of the body via the large intestine. Normal muscular contractions of your intestines continuously sweep indigestible food particles and bacteria downward through your GI tract. This movement prevents your system from clogging, bloating, and migrating back up in the wrong direction.

There are a number of common causes of sluggish intestinal...

## LEAN-ON-ME

For Healthy Weight

WHAT IT IS:

A probiotic that supports Healthy Weight Management and reduction in Body Fat Mass

WHY YOU NEED IT:

Great for patients looking to help cut calorie intake  
Important for patients wanting to reduce Body Fat Mass  
Targets patients wanting to support healthy weight management  
Promotes Gut Barrier Function for 'Leaky Gut' support

HOW IT HELPS:

A healthy gut does not just feel good, but science is proving that it is necessary for overall health and wellness. When your gut is working as designed, it is filled with some six pounds of beneficial bacteria.

There are more bacteria in your gut than there are cells in your body.

But antibiotic prescriptions and antibiotics in our food supply both drastically reduce the number and healthy nature of your gut bacterial balance. This can leave you and your gut in an unhealthy state.

## MUDSLIDE

Mudslide  
Moving Past Constipation

### WHAT IT IS:

- A natural blend of mineral, fruit, and herbal extracts for GI health

### WHY YOU NEED IT:

- Important for patients with constipation
- Targets patients who need support for digestion and elimination
- Supports patients who need enhanced GI motility and stool bulk
- Great for patients needing detoxification assistance
- All-natural, drug-free relief

### HOW IT HELPS:

Good health begins in the gut, and GI regularity is vital to maintaining wellbeing. Regular colon eliminations should occur two to three times daily, not a few times weekly. If something comes in the front door, then something needs to leave through the back door. Otherwise, your body is just storing toxic waste. Eventually, some of those toxins will get into your blood stream and will poison your good health.

Mudslide combines three classic, time-tested ingredients...

Nature's Remedy for Constipation

#### WHAT IT IS:

- All-natural support for constipation

#### WHY YOU NEED IT:

- Important for patients with difficulty having regular, daily bowel movements
- Great for patients who want reliable, natural support for healthy bowels

#### HOW IT HELPS:

Aloe Vera has long been recognized for its importance in traditional herbal medicine. Many of aloe's enhancing benefits come from the soothing gel that can easily be expressed from the cut edges of a fresh aloe leaf.

Also important is the latex membrane that holds the gel inside the aloe leaf. This natural membrane has long been prescribed as an herbal laxative because it both stimulates the intestines and encourages more water to enter the intestines.

AloeLax is a natural, concentrated herbal capsule. Most patients expect to pass a stool within ten hours of taking AloeLax.

Usual dosage: Take one to two capsules of AloeLax once or twice daily as needed.
