UROCIL

Treats Urinary Tract Infections

- Dysfunction bladders
- Coats inner lining

Urocil contains mannose, a non-caloric sugar from pineapple and cranberries, that coats both the inner lining of the bladder and harmful bacteria that get into the bladder. When both the bladder lining and harmful bacteria are coated with mannose, the bacteria cannot stick to the walls of the bladder and cause infection. Instead, the harmful bacteria float harmlessly in the urine and are voided with urination.

Urocil is an important supplement for women who get urinary tract infections after sexual intercourse, male and female patients with frequent urinary tract infections, or patients with dysfunctional bladders that are at high risk for bladder infections.

Usual Dosage: Take ½ teaspoon three times daily.
