Viatrexx BreatheXX

Homeopathic Allergy Relief

WHAT IT IS:

- Gentle, but effective natural allergy symptom relief

WHY YOU NEED IT:

- Important for sensitive patients with allergy symptoms
- Targets patients with acute allergic reaction and chronic allergy conditions
- Supports patients with itchy eyes, runny nose, post nasal drip, clogged ears, sinus congestion, and red, itchy skin
- Good for patients who need a rebalanced immune system

HOW IT HELPS:

Viatrexx BreatheXX is an all natural homeopathic remedy for patients with allergy symptoms. Unlike over-the-counter and prescription allergy medications, Viatrexx BreatheXX will not cause dry mouth, constipation, fatigue, drowsiness or blurred vision.

Made by Immunexx in Canada, Viatrexx BreatheXX is a complex homeopathic formula that seeks to get at the cause of allergic reaction. As such, Viatrexx BreatheXX provides reliable support for patients with acute and chronic allergy symptoms.

Viatrexx homeopathic remedies focus on rebalancing health by improving the delivery of oxygen and nutrients to starved cells, draining and detoxifying bloated tissues and organs, and providing regenerative support to help the body create a new, healthier you. Viatrexx therapies are organic, biodynamic, and all natural.

Viatrexx BreatheXX can be as a stand-alone recommendation or combined with natural and prescriptive allergy treatments.
