DynaMove

WHAT IT IS:

• Potent herbal formula for patients looking for colon cleansing, parasite cleansing, and daily regularity

WHY YOU NEED IT:

- Promotes optimal colon health for patients with chronic constipation and parasites
- Supports a thorough colon cleansing
- Important for patients needing more aggressive colon regularity
- Time-tested formula

HOW IT HELPS:

A healthy colon is essential for optimal wellness, and for most of us, our colons are far from healthy. Having only a couple of bowel movements a week is not acceptable and creates toxicity that is not compatible with reliably good health.

Many patients are surprised to learn that even one bowel movement daily is not enough. The foundation for a healthy, happy colon (and a healthy, happy you) begins with two to three bowel movements daily, but that is only the first step.

Like your urine flow, the colon represents an important super-highway of toxin removal. With that kind of heavy traffic, regular attention is necessary to ensure nothing is left behind.

Unlike a laxative that only forces a bowel movement, DynaMove simultaneously supports patients looking to clean their colon while promoting regularity.

DynaMove has been formulated for a dual purpose: (1) thorough colon cleansing and daily colon regularity in patients with significant constipation;(2)parasite removal. When doing a parasite cleanse, the dead parasites have to be evacuated from your intestines. DynaMove has the herbal power to ensure the morass of dead bugs inside of your colon make their final voyage into your toilet.

Usual Dosage: Take one (1) to two (2) tablets of DynaMove two to three times daily to ensure a healthy number of daily colon eliminations. When doing a parasite cleanse, take DynaMove with Paraspect at least twice daily.
