Nutra-Go

Vitamins that move You

WHAT IT IS:

- Intensive vitamin/mineral therapy
- Scientifically certified formula

WHY YOU NEED IT:

- Important for patients wanting to increase energy
- Formulated for patients needing to boost immune system
- Provides essential nutrients for optimal health

HOW IT HELPS:

University researchers developed and tested the Nutra-Go formula in some of the most challenging clinical environments, including HIV hospital wards. These researchers were looking for a natural treatment to boost immune function and energy in HIV patients. Their research findings confirmed these types of formulas were clinically important.

Further trials and patient usage has also documented the importance of Nutra-Go in less critically ill patients with burn-out and fatigue issues.

To restore sub-optimal health, use eight (8) Nutra-Go capsules twice daily. To maintain optimal wellness, use four (4) Nutra-Go capsules twice daily.

Nutra-Go requires a large number of capsules for treatment, but many are the benefits for those patients who take the full dosage of Nutra-Go twice daily as directed.
