# QUICK WIT

## WHAT IT IS:

- Powerful and complete support for healthy memory and brain function

## WHY YOU NEED IT:

- All-in-One formula makes support easy
- Important natural therapy for patients needing brain and memory support
- Contains all of the critical nutrients and herbs for healthy nerve functioning

## HOW IT HELPS:

There are so many great natural supplements for memory and brain support that it can be hard to choose the best one. Quick Wit by MyBestHealth solves this problem by putting ELEVEN of the most important brain supporting vitamins and herbal supplements in ONE capsule.

No more having to remember to take all of your different memory supplements.

With Quick Wit, you have the most advanced formula ever created for optimal brain and memory support. Each Quick Wit bottle is power packed with the ingredients that would typically be found in six to eight different bottles from other supplement lines.

Quick Wit ensures that you will be maximally engaging the important brain synapses that keep you sharp and on task. Now all you have to remember is to take your Quick Wit, grab your car keys (you do remember where you put them, right?), and you are go-ready for whatever comes your way.

**Usual Dosage:** Take one (1) to two (2) capsules of Quick Wit two to three times daily before meals on an empty stomach.
